

Note: This document is incomplete. Add descriptions/ reflections

First Trimester

Portfolio Cover/Intro to Mac
Set up folders/naming documents
Blogs
Shelfari
Set up account
Change account settings
Add first book - review, tag
Search for a book - title, tags, topics
Click on a book to see options
Add classmates as friends
Discussion about a book
Start a group
Put on blog

Second Trimester

Geography of Asia - Pages Template
Places visited, etc.

WAGS Wiki

A wiki was set up for each of the classes:

<http://saswags4ks.wikispaces.com> (etc). and the users were added as groups (4ksteam1, password) so they could log in. In my lesson, I showed the students briefly how to search the Internet for information and took them on a tour through the wiki. We showed them how to add information to their team page -- 1 at a time, how to add links to the wiki and how to have a discussion. I also showed the history section. Students only completed one clue each day. 2 students did research. The team leader was the only one to enter information on the wiki.
