

## **Goals for 2011 - 2012**

- Document lessons and projects in all grade levels.
- Increase independence level with technology of each teacher.
- Continue training sessions for various subjects throughout the year.
- Transitions to new technologies should be implemented with as little impact to the program as possible.
- Attend team meetings and introduce new ideas to support the teachers.

## **Individual Team Goals**

**PreK** - Work with the teachers to develop a cohesive plan for their lessons. Keep this plan on the wiki and add all resources to the wiki as we go.

**Kinder** - Incorporate at least one project each trimester. Supply teachers with lists of online resources to supplement their curriculum.

**Grade 2** - Add a nonfiction unit and keep a written record of projects and lessons.

**Grade 4** - Work with new teachers to bring them along to the level of the team. Add new projects.
